

WEDNESDAY 4 NOVEMBER

0730 - 1030	Registration
0800 - 1000	<p style="color: #e91e63; margin: 0;">Industry Hosted Pre-Conference Skills Transfer Seminars</p> <div style="display: flex; justify-content: space-around; align-items: center; margin-top: 10px;"> <div style="text-align: center;">  </div> <div style="text-align: center;">  <p style="font-size: 0.8em; margin-top: 5px; color: #0056b3;"><u>Intermittent Pneumatic Compression (IPC) for the Treatment of Peripheral Arterial Disease and Critical Limb Ischemia in Patients without a Surgical Option</u></p> </div> </div>
1030 - 1230	<p style="color: #e91e63; margin: 0;">Welcome/Plenary One</p> <p style="color: #e91e63; margin: 5px 0 0 20px;">Emerging Evidence & Innovation</p> <p style="margin: 5px 0 0 20px;">Plenary One will demonstrate how the field of science is contributing to clinical practice and improved patient outcomes. The plenary will introduce delegates to novel approaches to skin integrity and wound healing from the bench, as well as emerging products, therapeutics, devices, and models of care.</p> <p style="margin: 5px 0 0 20px;">How can science advance clinical practice? <u>Prof Amit Gefen, Professor of Biomedical Engineering, Tel Aviv University, Israel</u></p> <p style="margin: 5px 0 0 20px;">Evidence emerging from the bench <u>Assoc Prof Leila Cuttle, NHMRC CDF Research Fellow and Head of QUT Burns and Trauma Lab, Queensland University of Technology, Australia</u></p> <p style="margin: 5px 0 0 20px;">Emerging innovations that will change wound care <u>Dr Brian Lepow DPM, Assistant Professor in the Division of Vascular Surgery and Endovascular Therapy, Baylor College Of Medicine, United States</u></p>
1230 - 1330	Catering Break
1330 - 1530	<p style="color: #e91e63; margin: 0;">Plenary Two</p> <p style="color: #e91e63; margin: 5px 0 0 20px;">Evidence: Paradigms, Guidelines, & Controversies</p> <p style="margin: 5px 0 0 20px;">Plenary Two will explore emerging paradigms in wound management. Clinical practice guidelines and standards in relation to pressure injuries, atypical wounds, managing wound exudate, antimicrobial stewardship, and clinical decision making will be profiled for their key recommendations and controversies. The translation of this evidence into your clinical practice will be discussed.</p> <p style="margin: 5px 0 0 20px;">Paradigm shifts in wound management <u>Assoc Prof Michael Woodward AM, Director of Wound Clinic, Austin Health, Australia</u></p> <p style="margin: 5px 0 0 20px;">International Clinical Practice Guideline for the Prevention and Treatment of Pressure Ulcers/Injuries <u>Prof Keryln Carville, Professor Primary Health Care & Community Nursing, Curtin University & Silver Chain Nursing Association, Australia</u></p> <p style="margin: 5px 0 0 20px;">Atypical Wounds: Best Clinical Practices and Challenges <u>Judith Barker, Nurse Practitioner Wound Management, ACT Health, Australia</u></p> <p style="margin: 5px 0 0 20px;">Antimicrobial Stewardship and Wound Management <u>Dr Sarah Coghill, Infectious Diseases Physician, Lismore Base Hospital, Australia</u></p> <p style="margin: 5px 0 0 20px;">Wound Exudate: Effective Assessment Management <u>Prof Zena Moore, Professor of Nursing, Head of the School of Nursing and Midwifery, Director of Skin Wounds and Trauma (SWAT) Research Centre, Royal College of Surgeons in Ireland (RCSI), Ireland</u></p> <p style="margin: 5px 0 0 20px;">How to implement evidence in your clinical practice <u>Prof Keryln Carville, Professor Primary Health Care & Community Nursing, Curtin University & Silver Chain Nursing Association, Australia</u></p>
1530 - 1600	Catering Break
1600 - 1700	Wounds Australia "Behind the Scenes" - more details to be announced soon
1900- Late	Invited Industry Networking Events

THURSDAY 5 NOVEMBER

0700 - 0830	<p>Industry Hosted Breakfast Seminars</p> <div style="display: flex; justify-content: space-around; align-items: center;">       </div> <p><u>Care coordination: managing the complexities of chronic wound care</u></p>														
0900 - 1100	<p>Plenary Three</p> <p>Holistic Practice</p> <p>This plenary will consider the provision of effective holistic care in wound management. This plenary has something for clinicians working in all settings with all wounds types. This session will support you to refine your provision of person-centred care by focusing on mental health and wellness, nutrition, self-treatment, and the cultural needs of those with wounds.</p> <p>I am me first, then I am a person with a wound - reigniting the importance of person-centred care <u>Prof Zena Moore, Professor of Nursing, Head of the School of Nursing and Midwifery, Director of Skin Wounds and Trauma (SWAT) Research Centre, Royal College of Surgeons in Ireland (RCSI), Ireland</u></p> <p>Wellness in people with wounds <u>Dr Penney Upton, Associate Professor in Health, University of Canberra, Australia</u></p> <p>Power to the people - self-management of wounds <u>Dr Suzanne Kapp, Clinical Researcher, University of Melbourne, Australia</u></p> <p>Don't judge a book by its cover: The Highs and Lows of Bariatric Nutrition <u>Donna Hickling, Senior Clinical Dietitian, The Prince Charles Hospital, Australia</u></p> <p>Culturally responsive care <u>Matthew West, Associate Lecturer, University Of Newcastle, Australia</u></p>														
1100 - 1200	<p>Catering Break</p> <p>Morning Tea Exhibition Theatrettes</p> <div style="text-align: center;">  </div> <p><u>Measuring the health outcomes of 'Wound Hygiene' and applying a value-based health approach</u></p>
